

# George Washington

## PORTRAIT OF LEADERSHIP

*“Perhaps there never was another man, whose personal character and conduct exercised an influence, so powerful and so beneficial, on the destiny of a great nation.”*

JAMES GRAHAME (*Scottish poet and author, 1765-1811*)

---

### **FREE Limited-edition Portrait of George Washington**

---

As Commander in Chief of the Continental Army, George Washington led our nation to independence. As President of the Constitutional Convention, he presided over the creation of our new instrument of government. And, as the first president of the United States, he led our country through the early, turbulent years of nationhood. George Washington’s leadership, character and civic responsibility remain examples to follow today.

Now you and your students can celebrate Washington’s character, leadership, and accomplishments by hanging a beautifully-framed replica of Rembrandt Peale’s *Porthole Portrait of George Washington*. It is specially sized (30”x36”) to take place of honor in your school’s central office, library, or auditorium. Accompanying the portrait will be a *George Washington Celebration Kit* with suggested activities to commemorate the dedication of the portrait, as well as suggested lesson plans for classroom use.

To receive this **FREE** limited-edition portrait, please send a letter on school letterhead from the principal to the address listed below, specifically noting 1) the space where the portrait will be hung; and 2) the school’s street address for UPS delivery.
