

# Just for Arkansas teachers!

**New!**

## **Arkansas Education Matters for Teachers**

The Arkansas Department of Education has developed an electronic newsletter especially for teachers so you are able to learn firsthand from the department news and information that concerns you and your valued role in the classroom.

We invite you to take a few moments each month to visit the Teachers link on [ArkansasEd.org](http://ArkansasEd.org) to read Arkansas Education Matters for Teachers.

Published the first week of each month beginning in September.
